Front-End Engineer

Ardeman

About

Skilled Full-Stack Developer with 10 years of experience in building modern web applications using a range of technologies. Currently, I am focused on leveraging my 5 years of experience in React.js and Next.js as a Front-End Developer. Additionally, I have extensive experience in backend development using technologies such as CodeIgniter, Express, MySQL and NoSQL. Experienced in working in Agile environments, collaborating with cross-functional teams, and delivering high-quality software solutions. Seeking a challenging role as a Front-End Developer where I can utilize my skills and contribute to the success of the team.
